Design Advance - Fonts and Footer

- Aditya Kumar
  Chief Technology Officer, edwisor.com

edWisor

We will cover with the following concepts

1) Creating a neat footer for all our pages

2) Putting out text in place

We will write some CSS of our own

- It's better to write your own css when it comes to typography

- We will create our css file and then create a footer and some text classes of our own.

Next Steps -

1) Forms
